Affiliated with the Australian Orchid Council
Incorporated in Victoria Reg No 1193Z

Sayonara Mates

Gerald McCraith AM 23.2.1909 - 26.5.2009

Next Meeting

The next meeting of the Maribyrnong Orchid Society will be held at the Maribyrnong Community Centre, Randall Street, Maribyrnong on Tuesday the 9th June, 2009.

The Early 'new growers' group starts at 7.15pm and is conducted by the informative Steve Stebbing. This group runs for approximately 30 minutes prior to the start of the monthly meeting. We also have 'Pots and Ferts' and plant sales tables operating at every meeting. Members may bring 10 orchids to be sold on the sales table each month. The Society deducts 15% commission on the sale of all plants. Please note that all plants must be labeled correctly and state whether they are hot/cold growing and expected floral colour, if not in flower. Plants are also to be listed on a sales form, available from members on the Sales table, to be filled out by the selling member.

Supper Roster

For the June meeting we kindly have Geoff Ragg and J Patten on Supper Duties. All members are welcome to bring a plate of goodies to be enjoyed after the Evening's Speaker has finished their presentation.

Guest Speaker this month

Our guest speaker this month will be Mr Grant Garrett presenting his slide show of awarded orchids for 2008.

New Members

The Club would like to welcome: Hana Truong, Patricia Edmonds, Le Ngoc, Rodrigo Batac and Erlinda Cabuang, Eileen Edments and Hue, Xuan & Adam Tran to the Orchid Club.

We look forward to seeing you at the next orchid meeting, where you will be presented with a badge and a free orchid

Thank-you to our Sponsors

The Maribyrnong Orchid Society would like to sincerely thank Bio Gro and Maxicrop for their support and their major sponsorship of the 18th AOC Conference and Show to be held 10th to 13th September 2009.

Both of these Companies manufacture and sell superior products to the Horticultural industry.

We hope that our members will acknowledge the support received from these two fine companies and purchase their quality products. Not only because their products are the best quality available but in appreciation for supporting our Orchid Society.

Autumn Show

A big thank-you to all our members who helped out at the Autumn Show.

VALE

Gerald McCraith AM

It is with deep regret that we inform all our members that our Patron and mentor, Gerald McCraith AM passed away at 5pm on 26th May.

Gerald who recently turned 100 years of age led a wonderfully full life, blessed with many friends world wide.

Our heart felt sympathy is extended to Lois, June and families.

May your orchids grow and bloom to perfection.

Rest in Peace Gerald.

VALE

Harold Milburn

It is incredibly sad that we must also inform our members that we have lost one of our favourite friends, Harold Milburn. Harold passed away suddenly on the 9th May.

Harold had been a member since 1992 and he was also President and founding member of the Keilor Garden Club.

Our sincere condolences are extended to his wife Bev, his sons Rodney and Greg and their families.

His happy and shining demeanor will be missed by all who knew him.

Bus Trip

The next bus trip is on the 2nd August. The destination of this social outing will be to Castle Creek orchids in Shepparton, with a stop at Ardmona and a winery.

Names and payments will be taken at our June meeting. The cost of this trip is \$25.00

MAY 2009 COMPETITION RESULTS As

per judges sheets

Spectacular
Springer's Leisure Centre
Cheltenham Road
Keysborough (Mel 89 A10)
Friday 21st August –
Sunday 23rd August

KNOW WHAT YOU ARE BUYING

By Frances Wilde

I am sometimes amazed how little orchid growers know about the plants that they own. This is evident when entering orchids in shows, as some owners have no idea about their plant.

I can understand you all like orchids, either the colour or the shape and you love having them around you, BUT our club is also here to educate our members.

Most people joining our club or any other one for that matter, join a club to learn more about orchids, this is what joining a club is all about. BUT again, what do you actually learn?

We have a wonderful Library where you can take home books about specific orchids to read for 1 month. Also we have many experienced growers attending our monthly meetings who you can ask for information, but still many of you do not know if you own a species or a hybrid.

This does not apply to everyone and I am generalizing here, so don't get in a huff because this is not you.

Perhaps a good time to start this process of learning is at the time of purchasing your new orchid.

Ask the person you are buying it from what it is and what do all the names on the plant tag mean. Is it a species? If so where does it come from? You will need to get some of this information so you know where to grow it. Does it need heat? Will it grow under shade cloth (in Victoria) etc.

A lot of the orchid nurseries are very north of Victoria, and while you will be told they grow "cold" at their establishments, perhaps we will need at least some winter heat down here.

Some tags have a lot of names on them, try to understand what it all means. Is it a name of a species or hybrid or is it a clonal name that is usually attached to a hybrid or species when it gets an award.

Starting from now when you buy an orchid ask the seller all about it and when you get it home either borrow a book or look up a web site to learn a bit more. You will find you get more enjoyment from your hobby.
